Semarang Outdoor Range

Our new Semarang Outdoor Range is here!

In response to popular demand, we proudly present our first range of furniture purpose-built for outdoors - based on the best-selling Semarang design.

Outdoor Semarang delivers the combination our customers already love - luxurious super-comfortable seating with stunning Swedish design, hand-made by our Fair Trade partners in Java Indonesia - now in a weather-hardened outdoor format.

Curl up, feel-good.

Working with our suppliers, extensive research and innovation have ensured we preserve the look, feel and premium quality our furniture is known for while making it fully outdoor-ready.

With the help of our Indonesian partners, Outdoor Semarang features:

- the same locally-sourced mindi wood, now protected (in both exposed and covered parts) with multiple coats of high quality marine-grade varnish
- weather-resistant stainless steel screws and staples in the carpentry and weaving processes
- a solution-dyed polypropylene weaving material - Lima Rope - which is weatherproof (water-repellent and quick-drying, rot-proof, mould/mildew-resistant, plus with great UV-fastness).

And with our cushion partners, we have maintained the sitting-is-believing luxury of our feather cushions by using:

- an outdoor solution-dyed acrylic fabric - Panama - water-repellent and UV resistant
- and underneath the outer fabric a waterproof liner to keep the feather cushions dry.

Semarang Outdoor Range

Chair High Side Right

Fairtrade Furniture - design by Tord Kjellstrom, industrial designer (S.I.D.)

We recommend the use of our purpose-made waterproof slip covers to protect the furniture and cushions, and that cushions are stored in a shed or storage unit over winter.
